

## WANTAGE TOWN COUNCIL

### **The planning applications below were agreed by email correspondence.**

Comments were proposed by the chairman of the planning committee and circulated by email on 15 April 2020 for comment to all members of the planning committee:

Councillors Major J Sibbald (chairman), I Cameron, A Dunford, T Gilhome, E L Johnson, A C Menzies, and I L Sheldon.

- a) P20/V0783/HH. Single storey rear & side extension. 18 Palmers, Wantage, OX12 HB for Diana de Azevedo Tavares.

No objection.

- b) P20/V0820/HH. Single storey rear extension & internal alterations. 14 Old Canal View, Wantage, OX12 9GL for Mr & Mrs Elwell.

No objection. Point to note it is preferable to have the same viewpoint for existing and proposed drawings – in this case they were out by 180 degrees.

- c) P20/V0834/HH. 30m2 garage/workshop built to the side of the house. 82 Adkin Way, Wantage, OX12 9HW for Mr Gareth Chinery.

Holding objection until comments have been received from the highways liaison officer.

There is no information about how the classic car is to gain entry from the highway to the garage/workshop. The pre application advice given (P20/V0133/PEO) relating to highways impact stated: It is likely that the highways liaison officer would be consulted should any formal application be submitted (Local Plan Policy DP16).

It is noted that the highways officer has not been consulted.
